

DIAMOND VERIFICATION SERVICE

OUR SERVICE

Diamond Verification Services (the trading name for Sheffield Supplies Limited)(DVS) offers a set diamond service, a diamond jewellery testing service designed to verify that all diamonds within your jewellery are natural.

Using industry-leading technology, our highly skilled technicians can verify natural diamonds in a jewellery piece.

The set diamond service can screen set diamonds in the size range of 0.001ct and above, in the colourless to near colourless colour range, and in all shapes. All simple jewellery designs such as rings, brooches, bracelets, pendants, necklaces and earrings are accepted for verification.

The Conditions for the Provision of Diamond Services govern the provision of these services by DVS.

'How To' Guide for the Diamond Verification Services

GOODS REQUIREMENTS

Each set diamond submitted for the set diamond service must adhere to the following requirements.

- Colour - colourless to near colourless (D-L of the official GIA Colour Scale).
- Size – 0.0013ct, there is no upper limit.
- Clean – pieces containing dirty or greasy stones may be rejected (at our discretion).

HOW TO SUBMIT GOODS

Parcels must be submitted with a completed Diamond Verification Note

SHIPPING TO DVS

Please send your shipment to the following address:
DVS c/o Sheffield Assay Office, Guardians' Hall, Beulah Road,
Hillsborough, Sheffield S6 2AN. Telephone +44 (0) 114 2312121

Please send any queries to dvs@assayoffice.co.uk and quote your shipment number.

You are responsible for the cost of return shipment.

HOW WILL MY SHIPMENT BE RETURNED TO ME?

Each piece will be returned subdivided (as per the results) into the following categories.

PASS The diamonds contained in the piece of set diamond jewellery within this sealed parcel have been screened by the DVS and have been classified as being neither synthetic nor simulants. Should the seal of this parcel no longer be intact the validity of this classification is no longer assured. The Pass articles will be returned in a sealed tamper-proof bag and will be clearly marked with relevant references.

REFER The diamonds contained in the piece of set diamond jewellery within this parcel have been screened by DVS and been found to have characteristics overlapping with those of synthetic or simulant diamonds. Highly detailed testing is required to determine whether they are synthetic or simulant, which falls outside the scope the services for which DVS has been engaged in respect of the set diamond jewellery contained within this parcel.

INVOICING

- You will be invoiced monthly in arrears.
- You will receive one invoice per shipment.
- Your invoice will be emailed to your key contact and /or finance contact at the address(es) provided by you.
